Opisy W&BS Personnel Consulting (www.wbspraca.pl/en/) specialises in the recruitment of highly qualified specialists for various sectors of the economy. We are able to reach the most inaccessible candidates with unique qualifications and experience. We carry out recruitment processes in the country and abroad. We specialise in such services as personnel consulting, organisational consulting and employer branding (the description of services is available on our website www.wbspraca.pl/en/). We specialise our recruitment services in the following categories: Management, Sales and Marketing, Engineering / Production, Construction, Power Sector, IT, Office Administration and others. W&BS Database of engineers: W&BS Personnel Consulting is one of the few HR companies specialising in the recruitment of highly qualified engineers. The main aim of W&BS Personnel Consulting is assisting companies with recruitment and retaining of middle and senior engineering management staff. The database of W&BS Personnel Consulting consists of thousands of candidates with an engineering degree. New candidates, who have university degrees and are professionally active, sign up to the database every day.
